JUNIOR RANGER

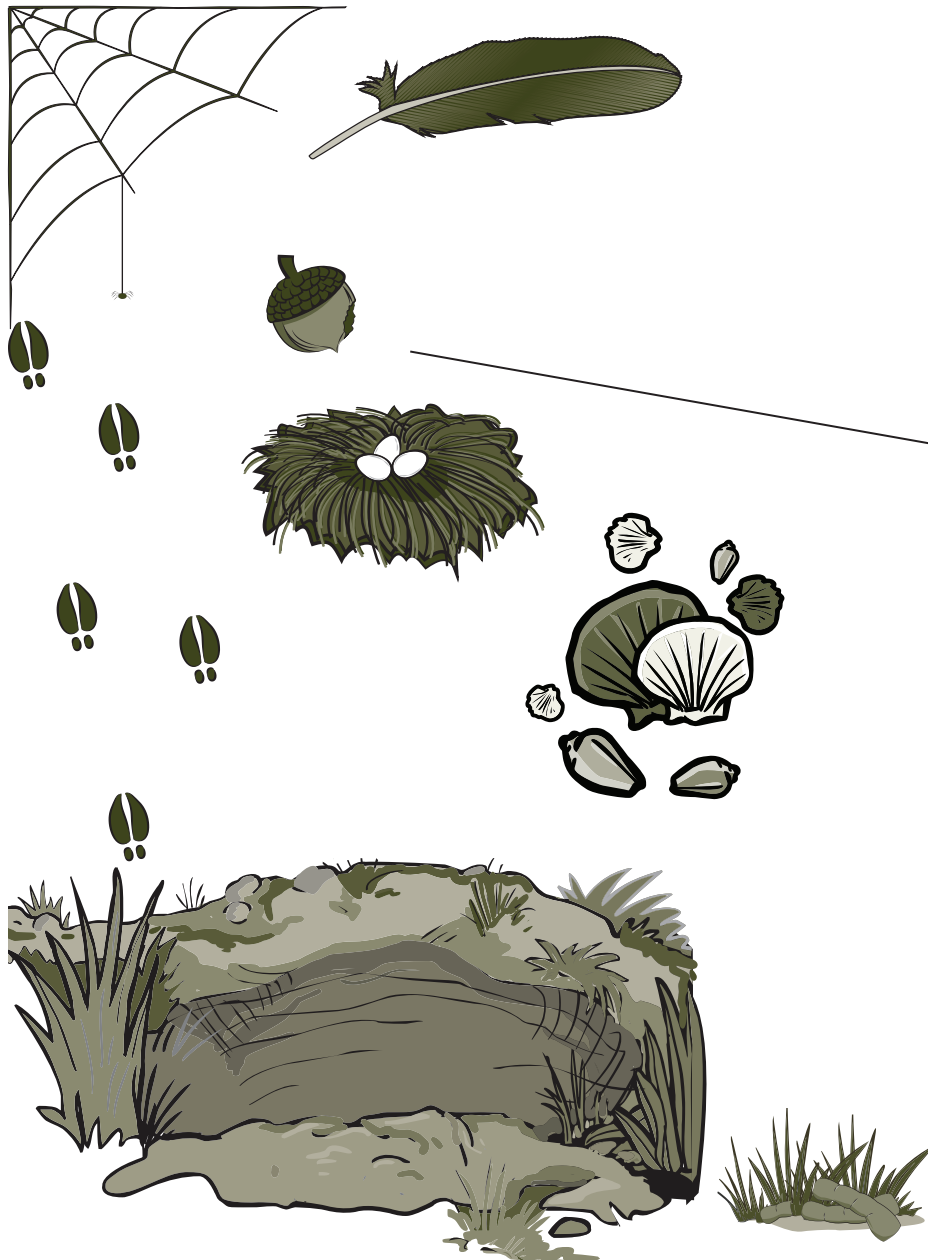

# ANIMAL EVIDENCE

Name \_\_\_\_\_

Date \_\_\_\_\_ Park \_\_\_\_\_

When you visit a park you are visiting the homes of hundreds of other animals. You might not always see the animals, however they sometimes leave evidence or clues behind which show they are here.

Look in the park for the animal clues shown below. Draw a line from the picture of each clue to its name and then describe where the clue was found. An example has been done for you! Be sure to look up high in the sky and trees and down low on the ground or near the water's edge.

## What am I?

- Burrow (Hole)
- Tracks
- Feather
- Nibbled Acorn
- Scat (Droppings)
- Web
- Shells
- Nest

Fill in the blanks below to tell us where you found animal evidence. Use the bottom of the page to include other evidence you find.

**Where did you find me?**

Burrow (Hole)

---

Tracks

---

Feather

---

Nibbled Acorn

---

Scat (Droppings)

---

Web

---

Shed Skin

---

Nest

---

Draw other evidence you found.

What is it? Where did you find it?
