

Florida State Parks 31 JUNIOR RANGER

# PHOTOGRAPHY IN PARKS

Name \_\_\_\_\_

Date \_\_\_\_\_ Park \_\_\_\_\_

Taking pictures is a great way to collect memories without disturbing the park's landscape and inhabitants.

The beauty of Florida State Parks is captured through artistic photography by park visitors every day. These images are used to promote and celebrate Florida's natural beauty and provide clues to Florida's cultural heritage.

Park Rangers use photography to document information or capture images to monitor and protect cultural resources which may change over time.
