

Questions and Answers*
Call for Business Plans SUP-BP #08-19
At Marjorie Harris-Carr Cross Florida Greenway
- Vortex Free Ride Area and Trails

1. In the Vortex area will a Septic Tank be allowed by the state and does the state or the county have the final say to this?

The Department will consider Proposals which include a solution using a Septic Tank. This solution, and others, will still need the required design and permitting process in coordination with other local and state entities, as may be required of a specific solution.

* Questions appear as submitted to the Department.

ADDITIONAL INFORMATION

Regarding Trail Operation, in addition to maintenance and repair of trail features, the Department seeks Proposals which include operational models that include a solution to insure riders using the Vortex Free Ride Area and Trails.
